

Designed by Ault, Clark & Associates, Balboa Golf Course has been recognized among the state's top ten layouts and is considered a favorite by residents. Although equipped with carts, the Balboa Golf Club is a walker-friendly 18-hole course with roomier fairways and fewer changes in elevation than other courses in Hot Springs Village. The combination of water hazards and bunkers requires a strategic plan to save par, and it has quite a collection of challenging par 3s.

Coronado Golf Club is the only executive-length par-62 golf course in Hot Springs Village. Designed by Ault, Clark & Associates, it is a great course to play for those looking to get in a quick 18 holes. There's no sand here, so if you don't like bunker shots, this course is for you. But don't be fooled, Coronado is as challenging from 150 yards as any other course in the Village. This one is perfect for the beginner or the veteran wanting to perfect his/her short game.

view of the Coronado Golf Course.

Choose from a variety of appetizers, juicy burgers,  
wraps, and classic sandwiches for lunch.

Known as the shot maker's course, you don't have to have a long drive, but you'd better hit the landing area to avoid trouble. Elevation changes and water hazards provide plenty of challenges, but five sets of tees accommodate most. Many consider No. 10 as one of the toughest holes in the Village. Designed by Ault, Clark & Associates, this 18-hole golf course has one of the most photographed scenes in the Village – the view of a mountain peak from the No. 17 tee.

Granada Golf Club is ranked among the top ten courses in the state by Golf Digest. Designed by Ault, Clark & Associates, Granada is arguably the most scenic 18-hole course in the Village with rolling hills, pine forests, and amazing views. Its signature hole is the beautiful No. 18 with a meandering waterfall that stretches the length of the fairway. Granada has a nice mix of par 3s, 4s, and 5s. One of the best and most difficult holes is No. 17, a 465-yard par-4 with a green 60 yards long.
